INDEPENDENT AUDITOR'S REPORT

Members of the Board

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the business type activities, which are the proprietary funds of the Bear Creek Special Utility District (District), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of business type activities, which are the proprietary type funds of the Bear Creek Special Utility District, as of December 31, 2022, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principles

As described in Note K to the financial statements, in 2022, the District adopted new accounting guidance, GASB Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Independent Auditor's Report – Continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to designed audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the schedules identifies as Texas Supplementary Information (TSI) but does not include the financial statements and our auditor's report thereon. Our opinion on the basic financial statements and our auditor's report thereon. Our opinion on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the information exists, we are required to describe it in our report.

**BEAR CREEK SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2022**

This section of Bear Creek Special Utility District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year. The fiscal year reflects a 12 month calendar year. This financial statement presents information as of December 31 and the financial activities for the fiscal year ended December 31, 2022. Please read it in conjunction with the District's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total net position was \$ 24,187,578 at year end.
- During the year, the District's expenses were \$ 6,087,287 less than the \$ 10,156,328 generated from charges for services and other revenues for business-type activities.
- The District received developer contributions for housing development and infrastructure totaling \$ 3,061,511.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District is a special purpose government agency and is not considered a component unit of any other government. The District conducts its financial operations in a business-type approach and is defined as a governmental enterprise fund by the Governmental Accounting Standards Board (GASB). Because of this, the District is required to present its financial statements in the format of enterprise fund financial statements.

The enterprise fund financial statements consist of three documents:

Statement of Net Position
Statement of Revenues, Expenses and Changes in Fund Net Position
Statement of Cash Flows

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference being reported as net position. This financial statement is often referred to as the balance sheet in non-governmental entities.

The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported in the proprietary (enterprise) fund financial statements based on full accrual of revenues and expenses, regardless of the timing of cash flows. As a result, the accrual of revenues and expenses as reported in this statement would affect cash flows in future periods. Revenues, whether received or not, are properly recorded in the fiscal period in which they are earned; expenses, whether paid or not, are properly recorded in the fiscal period in which the related obligation is incurred.

The Statement of Cash Flows presents information on cash flows from operating activities. The accrual of revenue and expenses from prior accounting periods would affect the cash flows in the current fiscal period.

Following the financial statements listed here are the notes to the financial statements. These notes provide additional information that is essential to a complete understanding of the data provided by the District in the proprietary (enterprise) fund financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Statement of Net Position

The District ended the year with total assets of \$ 36,549,962. Cash and cash equivalents comprised \$ 6,418,647 (17.56%) of total assets. Net capital assets totaled \$ 25,168,171 (68.86%) of total assets. Restricted Assets totaled \$ 4,248,948 (11.63%) of total assets. The remaining assets including receivables, prepaid items and other noncurrent assets complete the total assets of the District.

The District has only \$ 2,570,283 in current liabilities at year end. This represents 40.04% of the available unrestricted cash. Noncurrent liabilities include the outstanding debt to be paid in future periods beyond 12 months and customer deposits held by the District securing customers billed and unbilled water receivables. Noncurrent liabilities total \$ 9,792,101 or 26.79% of total assets. What remains is net position of \$ 24,187,578 which is \$ 6,087,287 higher than the beginning of the year.

Ending net position totaling \$ 24,187,578 is comprised of three components. The first, net investment in capital assets, which represents the net value of capital assets after deducting depreciation and reducing further the value of any capital asset outstanding debt, totals \$ 15,038,733 or 62.18% of the total net position. This amount is not available for current operations. Restricted net position represents funds restricted by Board action for future capital improvements and totaled \$ 1,186,489 or 4.91% of total net position. The unrestricted net position, \$ 7,962,356 is available for use to fund current operational activities.

**BEAR CREEK SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2022**

The following condensed financial statements are presented to provide a comparative analysis of the current and preceding year.

District's Net Position			Table A-1
	2022	2021	Total Percentage Change 2021 - 2022
Assets:			
Cash and Cash Equivalents	\$ 6,418,647	\$ 3,642,776	76.20%
Other Assets	714,196	830,904	-14.05%
Non-Current Assets	25,168,171	17,798,318	41.41%
Restricted Assets	4,248,948	7,844,380	-45.83%
Total Assets	\$ 36,549,962	\$ 30,116,378	21.36%
Liabilities:			
Current Liabilities	\$ 2,570,283	\$ 2,315,545	11.00%
Long-term Liabilities	9,792,101	10,203,762	-4.03%
Total Liabilities	\$ 12,362,384	\$ 12,519,307	-1.25%
Net Position:			
Net Investment in Capital Assets	15,038,733	11,315,940	32.90%
Restricted	1,186,489	1,048,069	13.21%
Unrestricted	7,962,356	5,736,282	38.81%
Total Net Position	\$ 24,187,578	\$ 18,100,291	33.63%

Statement of Revenues, Expenses and Changes in Fund Net Position

The following condensed financial statements are presented to provide a comparative analysis of the current and preceding year.

District's Statement of Net Position			Table A-2
	2022	2021	Total Percentage Change 2021 - 2022
Program Revenues:			
Charges for Services	\$ 7,065,475	\$ 5,787,378	22.08%
Total Revenues	\$ 7,065,475	\$ 5,787,378	22.08%
Expenses:			
Water Utilities	\$ 3,860,636	\$ 2,959,680	30.44%
Total Operating Expenses	\$ 3,860,636	\$ 2,959,680	30.44%
Operating Revenue (Expenses)	\$ 3,204,839	\$ 2,827,698	13.34%
Non-Operating Revenues (Expenses):			
Developer/Member Contributions	\$ 3,061,511	\$ 3,386,841	-9.61%
Interest Income	22,142	59,256	-62.63%
Interest Expense	(208,405)	(213,605)	-2.43%
Rental Income	7,200	7,200	0.00%
Net Non-Operating Revenues	\$ 2,882,448	\$ 3,239,692	-11.03%
Change in Net Position	\$ 6,087,287	\$ 6,067,390	0.33%
Net Position (Beginning) - January 1	18,100,291	12,032,901	50.42%
Net Position (Ending) - December 31	\$ 24,187,578	\$ 18,100,291	33.63%

Operating revenues include charges for water usage as well as other service fees, penalties, and administration fees. The total operating revenues, \$ 7,065,475, exceeded the operating expenses by \$ 3,204,839. Non-operating revenues include developer and member contributions as well as investment income. Non-operating expense is interest expense paid on outstanding debt.

**BEAR CREEK SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2022**

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At year end, the District had invested \$ 28,070,564 in a broad range of capital assets, including land, water distribution system, buildings, equipment, and vehicles (see Table A-3). More detailed information is included in the notes to financial statements.

	District's Capital Assets		Table A-3
	2022	2021	Total Percentage Change 2021 - 2022
Land	\$ 775,759	\$ 775,759	0.00%
Construction in Progress	8,593,150	6,308,007	36.23%
Water Distribution System	17,410,885	11,904,227	46.26%
Buildings and Improvements	451,870	451,870	0.00%
Vehicles and Equipment	838,900	638,951	31.29%
Totals at Historical Cost	\$ 28,070,564	\$ 20,078,814	39.80%
Total Accumulated Depreciation	(2,902,393)	(2,280,496)	27.27%
Net Capital Assets	<u>\$ 25,168,171</u>	<u>\$ 17,798,318</u>	41.41%

Long Term Debt

At year end, the District had \$ 11,041,257 in debt outstanding as shown in Table A-4. More detailed information about the District's debt is presented in the notes to the basic financial statements.

	District's Long Term Debt		Table A-4
	2022	2021	Total Percentage Change 2021 - 2022
Bonds	\$ 6,920,000	\$ 7,110,000	-2.67%
Loans Payable	4,121,257	4,371,397	-5.72%
Total Debt Payable	<u>\$ 11,041,257</u>	<u>\$ 11,481,397</u>	-3.83%

BUDGET, ECONOMIC ENVIRONMENT AND RATES

At this time Bear Creek Special Utility District is not aware of any decisions or conditions that would impact the District's operations through 2023. The District is experiencing continued growth and is reflected in the subsequent budget with increased water sales along with increased developer contributions.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to Camille Reagan, General Manager for the District.

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

A. Summary of Significant Accounting Policies

The Lavon Special Utility District was approved by the voters within the District on May 14, 2011. Effective January 1, 2016, the Lavon Special Utility District became known as the Bear Creek Special Utility District (District). The District is an organization as set forth under the terms and conditions of Article XVI, Section 59 of the Texas Constitution and Chapter 65 of the Texas Water Code.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

1. Reporting Entity

The Board of Directors (Board), a seven-member group constituting an on-going entity, is the level of government which has governance responsibilities over all activities related to providing water services within the jurisdiction of the Bear Creek Special Utility District. Members of the Board are elected by the public; have the authority to make decisions, appoint administrators and managers, and significantly influence operations; and have the primary accountability for fiscal matters. The District is not included in any other governmental "Reporting Entity" as defined by GASB in its Statement No. 14, "The Financial Reporting Entity." There are no component units presented.

2. Basis of Presentation

The District is a special purpose government engaged in only business-type activities. In accordance with GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, the District is required to present only financial statements for enterprise funds, along with management's discussion and analysis (MD&A), notes of the financial statements and other required supplementary information (RSI).

The accounts of the District are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenue, and expenses. The fund type utilized by the District is described below:

a. Proprietary fund types include the following –

The *Enterprise Fund* is used to account for operations: (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) the governing body has decided periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

3. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Proprietary fund types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets, deferred resource outflows, liabilities and deferred resource inflows associated with the operation of these funds are included in the balance sheet. Fund equity is identified as net position.

4. Budget

The Board adopts an annual budget for the Enterprise Fund. The Budget for the Enterprise Fund is adopted under a basis consistent with GAAP. The Board approves amendments to the annual budget as prepared by the General Manager of the District.

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

A. Summary of Significant Accounting Policies (Continued)

5. Capital Assets

Additions to the utility system are recorded at cost or, if contributed property, at its estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of fixed assets is recovered by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income. Items exceeding \$ 2,500 are capitalized in the financial statements.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	30 years
Office Equipment	5-10 years
Equipment	7-10 years
Water Distribution System	40 years
Vehicles	5-7 years

6. Prepaid Expenses - Supplies and Materials

Prepaid expenses consist of items paid for in the current period to be used in the following accounting period. Prepaid supplies and materials consist of supplies and repair parts for the distribution system, valued at cost. The cost of supplies and materials is recorded as an expense when consumed rather than when purchased.

7. Cash and Cash Equivalents

Cash and Cash Equivalents are comprised of deposits in financial institutions, including time deposits. For the purpose of the statement of cash flows, a cash equivalent is considered any highly liquid investment with a maturity of ninety days or less.

8. Retirement Plan

The District participates in a Simple IRA plan to provide retirement benefits for its employees. Employees may contribute up to the maximum annual amount as set periodically by the Internal Revenue Service. The District matches employee contributions dollar for dollar up to a maximum of 3% of the employee's compensation or the limit set by the Internal Revenue Service, whichever is less. All matching contributions vest immediately. The District's matching contributions to the Simple IRA plan during the fiscal year totaled approximately \$ 12,138.

10. Compensated Absences

District employees are entitled to certain compensated absences based on their length of employment. Sick leave does not vest, but accumulates and is recorded as an expense as it is paid. Accrued vacation is paid at time of termination of employment. At year end, accrued vacation totaled approximately \$ 35,678.

11. Right of Use Assets and Liabilities

GASB Statement 87, *Leases* created new financial statement accounts "Right of Use" assets and similar offsetting liabilities. A "right of use" asset accounts for the net present value of future payments attached to a leased asset. Common examples of "right of use" assets are copiers, printers, and other types of equipment that the District does not take ownership of but use under the lease agreement. The asset value will be amortized over the life of the lease using a straight-line method. The liability offsetting the "right of use" asset is presented as lease payable.

GASB Statement 87 also impacts the District's rental agreements (leases) related to property and equipment in which the District is the lessor. Rental agreements that extend beyond a twelve month period are recognized as earned when executed with an offsetting long term receivable. Future collections are offset against the receivable.

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

B. Deposits, Securities, and Investments

The District's funds appear to be deposited and invested under the terms of a depository contract. The contract requires the depository to pledge approved securities in an amount significant to protect the District's day-to-day balances. The pledge is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance. At December 31, 2022, it appears that District cash deposits were properly covered by FDIC insurance or by pledged collateral.

The District's investment policies and types of investments are governed by the Public Funds Investment Act. The Act requires specific training, reporting and establishment of local policies. The District appears to be in compliance with the requirements of the Act.

State statutes and local policy authorize the District to invest in the following types of investment goods:

- a. obligations of the U.S. or its agencies or instrumentalities,
- b. obligations of the State of Texas or its agencies,
- c. obligations guaranteed by the U.S. or State of Texas or their agencies or instrumentalities,
- d. obligations of other states, agencies or political subdivisions having a national investment rating of "A" or greater,
- e. guaranteed or securitized certificates of deposit issued by a bank domiciled in the State of Texas, or
- f. fully collateralized repurchase agreements.

District investments include deposits in money market accounts and certificates of deposit with Edward Jones. All money market accounts and certificates of deposit are reported at share price (fair value) and are presented as cash and cash equivalents.

The following table categorizes the District's investment at year end:

	Credit Rating	Fair Value
Edward Jones - Certificate of Deposit	n/a	\$ 698,495
Edward Jones - Money Market Account	n/a	54,580
Total		\$ 753,075

In addition, the following is disclosed regarding coverage of combined cash balances on the date of highest balance:

- a. Name of bank: Independent Bank, McKinney, Texas.
- b. Amount of bond and/or security pledged as of the date of the highest combined balance on deposit was \$ 9,283,366.
- c. Largest cash, savings and time deposit combined account balances amounted to \$ 9,024,850 and occurred during the month of December 2022.
- d. Total amount of FDIC coverage at the time of the highest combined balance was \$ 250,000.

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the Districts' name. At year end, the District was not exposed to custodial credit risk.

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

B. Deposits, Securities, and Investments

c. **Concentration of Credit Risk**

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

d. **Interest Rate Risk**

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. **Foreign Currency Risk**

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

C. Capital Assets

The following is a summary of changes in capital assets for the year:

	Beginning Balances	Increases	Decreases	Ending Balances
Land	\$ 775,759	\$ -	\$ -	\$ 775,759
Construction in Progress	6,308,007	7,791,801	5,506,658	8,593,150

Vehicles and Equipment	638,951	199,949	-	838,900
Totals at Historical Cost	\$ 20,078,814	\$ 13,498,408	\$ 5,506,658	\$ 28,070,564
Less Accumulated Depreciation for:				
Water Distribution System	\$ 1,879,496	\$ 545,315	\$ -	\$ 2,424,811
Buildings and Improvements	111,215	14,406	-	125,621
Vehicles and Equipment	289,785	62,176	-	351,961
Total Accumulated Depreciation	\$ 2,280,496	\$ 621,897	\$ -	\$ 2,902,393
Net Capital Assets	\$ 17,798,318	\$ 12,876,511	\$ 5,506,658	\$ 25,168,171

D. Long - Term Obligations

The following schedule presents changes in long-term obligations for the fiscal year:

	Balance Beginning	Increases	Decreased	Balance Ending	Current Portion of Debt
Bonds	\$ 7,110,000	\$ -	\$ 190,000	\$ 6,920,000	\$ 195,000
Loans	4,371,397	-	250,140	4,121,257	1,758,706
Total	\$ 11,481,397	\$ -	\$ 440,140	\$ 11,041,257	\$ 1,953,706

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

D. Long - Term Obligations (Continued)

Bonds

Under the terms of long-term water supply contracts between the District and Greater Texoma Utility Authority (GTUA), the District recognizes that GTUA has an undivided ownership interest in the District's water facilities equivalent to the percentage of the total cost of the facilities provided by GTUA through the issuance and sale of GTUA bonds. The District has a contractual obligation to make payments as specified in the contract with GTUA to pay the principal and interest on the bonds, maintain cash reserves for the security and payment of the bonds similarly secured, pay the administrative and overhead expenses of GTUA directly attributable to the bonds, and pay any extraordinary expenses incurred by GTUA in connection with the bonds.

Under terms of the contracts, the District's obligation to make payments to GTUA and GTUA's ownership interest in the facilities will terminate when all of GTUA's bonds issued in connection with construction of the facilities and have been paid in full, are retired, and are no longer outstanding. The District is obligated for the repayment of principal and interest on the debt through a pledging of revenues. The structure of the transaction has the qualities of a financing arrangement; therefore, the amounts are included in long-term liabilities and capital assets with the associated accumulated depreciation.

The original total principal obligation of the 2019 water contract was \$ 7,490,000 with interest rates varying between 1.03% and 2.61%. The District obligation to GTUA under the long-term contract expires with the retirement of the GTUA bonds in the fiscal year ending December 31, 2049. At that time, the undivided interest in the property transfers from GTUA to the District. The bonds issued by GTUA for the benefit of the District are styled "Greater Texoma Utility Authority (Bear Creek SUD) Contract Revenue Bonds, Series 2019" and will mature August 15, 2049. Considered conduit debt, the proceeds and all activity will be reported in the District's financial statements. As of December 31, 2022, the outstanding principal balance of the obligation was \$ 6,920,000.

Maturity requirements on outstanding bonds are as follows:

<u>Year Ending December 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2023	\$ 195,000	\$ 158,006	\$ 353,006
2024	195,000	155,315	350,315
2025	200,000	152,370	352,370
2026	205,000	149,190	354,190
2027	205,000	145,746	350,746
2028-2032	1,100,000	668,841	1,768,841
2033-2037	1,225,000	546,392	1,771,392
2038-2042	1,365,000	393,490	1,758,490
2043-2047	1,550,000	211,108	1,761,108
2048-2052	680,000	26,753	706,753
Totals	\$ 6,920,000	\$ 2,607,211	\$ 9,527,211

Loans Payable

The District previously executed an agreement with Independent Bank to refinance the USDA – Rural Development loans for a savings of \$ 566,323 in interest payments over the life of the debt. The loan is for a 20-year term and requires monthly payments of \$ 11,566 which consist of principal reductions and interest on the unpaid principal at 3.25%.

The District executed an agreement with the State Infrastructure Bank to finance the relocation of District waterlines on State Highway 205. The note is for 10 years. The initial three years of the loan incur interest of 0% with the remaining years incurring interest at a rate of 2.59%.

Below is a summary of the outstanding loans of year end:

<u>Payee</u>	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Original Issue</u>	<u>Current Outstanding</u>
Independent Bank	3.250%	9/4/2035	\$ 2,030,468	\$ 1,442,187
State Infrastructure Bank	0-2.59%	11/6/2030	3,000,000	2,679,070
Total				\$ 4,121,257

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

D. Long - Term Obligations (Continued)

Debt retirement requirements to maturity on outstanding loans are as follows:

<u>Year Ending December 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2023	\$ 1,758,706	\$ 45,168	\$ 1,803,874
2024	230,890	68,362	299,252
2025	237,535	61,716	299,251
2026	244,374	54,877	299,251
2027	251,413	47,839	299,252
2028-2032	1,043,216	132,115	1,175,331
2033-2036	355,123	14,974	370,097
Totals	\$ 4,121,257	\$ 425,051	\$ 4,546,308

E. Customer Deposits

The District amended its Rate Order to eliminate future customer deposits and replaced them with a non-refundable administrative fee of \$325. Customer deposits currently on deposit will continue to be held until the service for that meter connection is terminated. At year end, the District's obligation for these deposits totaled \$ 680,150. The District also allows construction developers to access water through fire hydrant connections. These connections require a \$ 2,000 refundable deposit. At year end, the District has accumulated \$ 24,400 in fire hydrant deposits.

F. Litigation

As of year end, the District was not involved in any pending litigation.

G. Risk Management

The District is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year end, the District purchased commercial insurance to cover these liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

H. Subsequent Events

Management has evaluated all events or transactions that occurred after December 31, 2022, up through April 13, 2023, the date the financial statements were issued.

I. Commitments and Contingencies

The District is responsible for complying with certain laws and regulations that impact the operations of the water distribution system and overall financial position. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the various rules and regulations in which the District operates.

The District's rate structure was challenged by a customer who filed a complaint with the Public Utility Commission (PUC) of the State of Texas. The District answered the complaint and complied with the procedures and requirements established by the state for a public hearing. The District's public hearing was held during the year with the final report being issued November 19, 2021. The findings and corrective action directed by the PUC requires the District to issue refunds and/or surcharges in the amount of \$ 121,367 over the next 14 consecutive billing periods (beginning December 2021) to adjust for corrections to the rates charged customers. The current balance is \$ 10,860. This is presented as a current liability in the financial statements. In addition to the rate corrective action, the PUC also approved a monthly surcharge of \$ 4.77 per connection to be charged until the rate-case expenses are recovered. The remaining amount, \$ 185,845, is included in the amount presented as accounts receivable on the financial statements.

The District has committed the debt proceeds issued through GTUA for various improvement projects within the District. At year end, the only commitment under contract was for the construction of Pump Station #2 including a 2,000,000-gallon water storage tank. The contract is in the finishing stages and expected to be finalized within the next fiscal year. The District contributed \$ 1,454,179 to the project to provide for excess construction cost related to materials and supply demands.

**BEAR CREEK SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

J. Economic Dependency

The District procures its water from North Texas Municipal Water District under a water supply contract. The contract is the sole source of water for the District. The loss of the water source would impact the District's ability to provide water needed for delivery to its customers.

K. Change in Accounting Principles

The Governmental Accounting Standards Board (GASB) issued statement 87, *Leases* in June 2017 with an effective date of fiscal beginning after June 15, 2021 (as postponed). This required the District to implement the provisions of the Statement during the year. The statement replaced operating leases with recognition of "right of use" assets and liabilities. As such there are new financial statement captions on the proprietary type fund financial statements. The Statement requires retroactive restatement of assets and liabilities with the difference modifying the beginning fund net position. No leases were recognized in the current year.
